

## **Oneida Baptist Institute**

### Description:

Our mission is to provide a structured living, learning and working environment in which each student is challenged to grow mentally, physically, socially and spiritually in order to acquire an Education for Time and Eternity.

At Oneida Baptist, students will meet people from across the United States and around the world. They will also experience daily chores and responsibilities, interact with Christian adults, attend daily chapel services, receive individual attention in class and have a chance to join sports or other cocurriculars.
